PROFESSIONAL SUMMARY

Detail-oriented Computer Science student (B.Tech) passionate about creating clear, developer-focused content. Combines a strong engineering background (GCP, AWS, JavaScript) with excellent collaboration and project management skills. Eager to apply a developer's perspective to a technical writing role, helping other engineers understand complex systems by creating high-quality user guides, how-to articles, and technical documentation.

SKILLS

- Languages:** C++, JavaScript, Java
- Frameworks:** HTML and CSS, NodeJS, React
- Tools/Platforms:** GCP, AWS, Firebase, Git, GitHub
- Databases** MongoDB
- Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

PROJECTS

- Secure Aadhaar Voting System** July 2025
Collaborated on the architecture and deployment of a scalable, cloud-native voting platform on GCP. Helped define and document the system's RESTful APIs to ensure clear communication between the frontend and the Node.js backend. This project required translating complex security requirements (like IAM DB authentication) into clear, functional specifications.
Technologies: GCP, Node.js, JavaScript, MySQL, REST APIs.
- EcoRide Carpooling System:** April 2025
Developed a full-stack ride-sharing platform, translating complex user requirements (authentication, scheduling) into functional code. This project demonstrated an ability to "explain how things work" by mapping the complete data flow from the user interface to the Node.js backend and MongoDB database.
Technologies: MongoDB, Node.js, Express, HTML, CSS, JavaScript.

CERTIFICATES

- Google Cloud Data Analytics Certificate (Google Cloud) October 2025
- AWS cloud Practitioner Essentials (AWS) October 2025
- Getting Started With Git and GitHub (Coursera) September 2025
- Introduction to Containers w/Docker, Kubernetes & OpenShift (Coursera) September 2025
- Hands on Introduction to Linux Commands and Shell Scripting (Coursera) September 2025

ACHIEVEMENTS

- Recognized among the Top 105 Teams (Top 3%) in the GDG Solution Challenge, demonstrating strong teamwork in a high-stakes project.
- Reached Gold Tier status for extensive completion of hands-on labs, showing a drive to learn new technologies.

EDUCATION

- Lovely Professional University,** Punjab, India
Bachelor of Technology—Computer Science and Engineering; Since August 2022
- Narayana Junior College,** Visakhapatnam
Intermediate; **Percentage: 91.5%** April 2020-May 2022
- Narayana High School,** Vishakhapatnam
Matriculation: **Percentage: 98.6%** June 2017-April 2020
